Classroom Helper Induction

Dear Parents and Carers,

All class teachers value the contribution of classroom helpers. These volunteers enrich the learning environment through enabling teachers to plan additional support and instruction in their classrooms.

In 2016, our school is improving the process for engaging classroom helpers by providing an induction prior to commencement of work.

The purpose of the induction is;
- to provide information as to how to best assist in literacy and numeracy lessons
- to ensure volunteers are aware of their obligations
- to meet Workplace Health and Safety requirements

Please note that participation in an induction is now a prerequisite to helping in any classroom at SHPMPS.

The first induction will be held this Thursday 11 February at 5pm. There will be additional sessions held at points throughout the year for those unable to attend this week’s induction.

Thank you to the many parent and community volunteers who commit their time to enhancing the education of our students.

Kind Regards,

Lorelle O’Brien           Cam Pryce           Anna Starcevic
Instrucional Leader       Assistant Principal    Principal

Classroom Helper Induction

☐ I __________________________ will attend the induction session on Thursday 11 February.

☐ I wish to volunteer in my child’s class, but cannot attend the initial session.
   Times that are most suitable to me are __________________________
